

**PRECISION  
PHARMACY**  
OF BELLMORE

Dear Prescriber,

Precision Compounding Pharmacy specializes in solving specific patient medication problems through compounding, which is the traditional method of preparing customized medications to meet the physician and patient needs.

We are a family owned and operated pharmacy with roots that go back to 1961. Our dedicated pharmacists and staff is available 365 days per year with 5 locations throughout New York State. We offer next day delivery service or pick up at any of our locations.

At Precision Pharmacy we pride ourselves in making sure the prescribers and the patient needs always come first! Helping physicians and patients pursue enhanced positive therapeutic outcomes are at the core of our mission along with bringing top grade compounding medications at prices that patients can afford.

Low Dose Naltrexone at any strength 90 tablets are \$40.00 plus \$7.45 for shipping.

Looking forward to the opportunity to work together!

Thank You!
