25 South Main St  
Carbondale, PA 18407 (USA)

#### About the Conference:

The LDN Research Trust 2021 Conference is a three-day charity event organized by the LDN Research Trust and is the only LDN focused event in the world. No other event or organization comes close to matching the global reach of the LDN Research Trust.

The goal of the conference is to raise awareness of LDN (Low-Dose Naltrexone) among healthcare professionals and encourage its use in treating a growing number of chronic diseases by highlighting compelling examples and real-world results.

#### About the Venue:

The pandemic has created challenges for all of us this year. We had to put our conference planning on

We have reserved the entire venue for the conference. Our planning includes additional allowances for the required flexibility should we require it. We are committed to the safety of all exhibitors, speakers, attendees and trust members and are working closely with the venue to ensure we follow all required social distancing practices.

The conference will also be live-streamed around the globe to over 2000 people.

#### **Are you an LDN Prescriber?**

Reply to this email if you would like details of presentation availability, please state if you have LDNRT Medical Professional Membership.

#### **Would you like to be an exhibitor, sponsor or advertiser?**

Reply to this email for full details.

Community*

*with*

*Nutritionist and Researcher Jill Brook*

***You're invited!***

Come see our new LDN, Nutrition and Lifestyle section on our [website](#).

Our Research Advisor, Jill Brook, will be sharing research findings on how to feel better, eat better, and how to make lifestyle change easier.

Please send your question, recipes or idea's you would like to have included to [jill@dietforhealth.com](mailto:jill@dietforhealth.com). Jill will respond to you!
