

Low-Dose Naltrexone Tablets

Compounded 1.5mg, 3mg, and 4.5mg Oral Tablets

Sublingual | Topical | Custom Doses

Belmar Pharmacy is a national compounding pharmacy that specializes in Low-Dose Naltrexone compounds. We are well-known for our LDN oral tablets, which are scored for easier dose titration. For any of our chemically-sensitive patients we can compound LDN in oral capsules with a variety of fillers such as: rice, sucrose, LoxOral, or Vitamin C.

We also compound LDN topically in our exclusive sindi base or emu oil.

- Dissolves readily to release the naltrexone
- Tablets scored for easy dose titration and patient convenience
- Tested for potency by an independent analytical laboratory

Belmar LDN Tablets **DO NOT** contain:

- A slow-release agent
- Sugar
- Antibacterial agents
- Animal gelatin used in capsules
- Lactose
- Gluten
- Colors
- Calcium carbonate
- Preservatives
- Dyes
