In-person with the recordings \$600 - £475

In-person plus the 18 hours of pre-recorded Presentation \$1,000 - £950

18 hours of pre-recorded presentations \$600

The conference video recordings from St Andrews will be available at the end of the day.

The 18 hours of on-demand videos will be available starting on 17th June.

We are applying for CME and Pharmacy Credits.

St Andrews, as well as being one of the most beautiful medieval towns in Scotland, is very accessible for our UK and International Visitors. Make sure to allow plenty of time for sightseeing or a world-famous ghost walk around the castle.

How to get to St Andrews University

From Glasgow or Edinburgh, using public transport - a train runs frequently to "Leuchars" - St Andrews main train station. A short taxi ride takes you to the hotel. Everything is within walking distance after that.

International visitors have a variety of options.

Full details of all transport links click <https://www.st-andrews.ac.uk/visiting/travel>

ABOUT THE 2024 Conference

The conference is designed for clinicians, clinical researchers, pharmacists, and well-educated patients with complex medical conditions. It is assumed that the participants will have general knowledge of human physiology and medicine and an interest in using Low Dose Naltrexone.

Educational Objectives

After completing the LiveStream activity and/or Extra Conference Presentations, the participant should be better able to:

- Define the mechanism of action of Low Dose Naltrexone (LDN).
- Discuss why LDN is different from regular dose naltrexone
- Describe the Contraindications to the use of LDN in a patient
- Describe the benefits observed in the treatment of patients with LDN
- Describe the side effects observed in the treatment of patients with LDN
- Describe commonly used adjunctive agents and lifestyle modifications in combination with LDN

The LDN Research Trust invites you to participate in our upcoming LDN Research Trust 2024 LDN Conference. The conference aims to raise awareness of LDN (Low-Dose Naltrexone) among healthcare professionals and encourage its use in treating many chronic diseases by highlighting compelling examples and real-world results.

The LDN Research Trust 2024 Conference is a three-day charity event organized by the LDN Research Trust. It is the only LDN-focused event globally, and no other event or organization comes close to matching the LDN Research Trust's global reach.

Estimated Number of Attendees: 80 in-person, 2,000+ live-stream participants.

About The University Of St Andrews

The University of St Andrews offers a unique combination of ancient and modern, local and global. Teaching began in the community of St Andrews in 1410, and the University was formally constituted by the issue of a papal bull in 1413, when university status could only be conferred by the Pope, the then Bishop of St Andrews sought a blessing from Pope Benedict XIII to establish a national university in his home town.

St Andrews is Scotland's first university and the third oldest university in the English-speaking world. The city is quite small, unique and captivating place, and the University is a key part of its charm. Seven centuries of history link the students with the town, leading to the ancient and yet modern institution apparent today.

Notable alumni include:

- UK politician Alex Salmond
- The inventor of logarithms John Napier
- Prince William and his wife Kate Middleton, the Duchess of Cambridge.
- Other notable graduates include:
- Comedian John Cleese,
- Scientist and inventor Deodatta V. Shenai-Khatkhate.

About St Andrews

St. Andrews is a seaside town northeast of Edinburgh, on Scotland's east coast. It's known for its many golf courses, including the Old Course, with the landmark Swilcan Bridge at the 18th hole. The British Golf Museum chronicles the history of U.K. golf. On a headland nearby are the ruins of St. Andrews Castle, with its medieval bottle dungeon. Close to the castle is the University of St. Andrews, founded in 1413.

With its roots stretching back to medieval times, you won't be short of things to do in St Andrews. There is a host of brilliant attractions to choose from, from family-friendly spots to historic wonders, as well as an abundance of stunning beaches, parks and fantastic walks to explore.

Climb to the top of the tower at the striking medieval cathedral, delve deep underground into a secret nuclear bunker, and if you didn't know already this is the Home of Golf! The hardest part will be narrowing down what to do in St Andrews. If you need more help or inspiration during your visit, make sure to visit the [St Andrews iCentre](#) for friendly advice.

St Andrews Golf Courses

Old Course

The Home of Golf, where the game was first played 600 years ago in 1400. It is the oldest and most iconic golf course in the world. The Swilcan Bridge and Hell Bunker are recognised across the globe, yet the greatest feature of the Old Course is that despite its grand status, it remains a public golf course, open to all.

There are 7 golf courses in St Andrews Links ;

- Old Course
- New Course
- Jubilee Course
- Castle Course
- Eden Course
- Balgove Course
- Strathtyrum Course.

Each course is open to the public and has its own charm. There is a course to suit every age, ability and budget.

Old Course is the only course in St Andrews Links that requires a handicap.
